PROFESSIONAL EXPERIENCE

Content Strategist & Editor - *May 2022 – September 2026*
Agency Brands / Big Leap Marketing | Lehi, Utah

- Owned content strategy end-to-end (content planning, creation, optimization, publishing/implementing, and performance tracking) for 40+ B2B and B2C clients, including 12+ enterprise accounts, publishing and updating content across multiple client websites on a daily basis.

- Built content strategies around business objectives, audience needs, search behavior, competitive insights, and performance data. Led audience research, persona development, and customer journey mapping for dozens of distinct brands, shaping differentiated content and editorial strategies.

- Identified an opportunity to improve a pet-nutrition brand's product recommendation quiz and led its rebuild, using customer insights to create clearer, more personalized food recommendations and earning strong client praise.
- Presented strategy to clients and stakeholders, turning analytics and content performance into roadmaps and recommendations that internal teams adopted. Managed client relationships and prioritized competing deadlines across accounts.
- Performed hands-on SEO work, including technical site audits, metadata optimization, internal linking, and on-page content optimization, and delivered SEO reporting and recommendations.
- Directed paid media strategy across Google Ads (PPC) and Meta Ads, plus social and email strategy, using campaign performance and audience data to optimize targeting, budgets, and results.
- Led SEO, SERP, and AEO strategy across client content, using SEMrush, Google Analytics 4 (GA4), Google Search Console, and Ahrefs to find opportunities and measure results as search behavior evolved.
- Built AI agents and tools with ChatGPT, Microsoft Copilot, Gemini, and Claude to streamline content workflows, scaling production while protecting quality, accuracy, and brand voice.
- Set brand voice standards and editorial direction across industries and content programs.
- Designed and directed visual assets in Canva, Photoshop, Illustrator, and Figma for websites, campaigns, and multi-channel content.
- Trained colleagues on emerging AI tools, content systems, and evolving workflows to improve consistency and efficiency across teams.
